CARE SUPPORT TEAM

Our caregivers are reliable, well-trained and receive continuing education. Full Life Home Care is licensed by the State of Washington and all employees must pass rigorous background checks. Our multi-disciplinary team of supervisors provides ongoing oversight of those caring for your loved one.

Our caregiver services include:

OUR COMMITMENT TO FLEXIBILITY

We understand that many families do not need a caregiver for an entire morning or afternoon. While we are happy to provide care for long shifts, we also can work with you to create a personalized schedule to accommodate your needs.
