

# Full Life Care's 2020 Fall Campaign

# WE PERSEVERE

We are persevering through these unprecedented times and we need you more than ever! Our goals are to build the community of people who support the mission of Full Life Care and raise \$100,000!

Instead of hosting an in-person fall event, Full Life Care is asking everyone to stay home and invite your networks to **follow** us on social media, **share** posts, and **give** during October.

## WE NEVER GIVE UP ON PEOPLE

During the COVID-19 pandemic, Full Life has lived our value of perseverance and never giving up on people. Services have continued thanks to our mission-focused team members and dedicated funding partners. Thanks to people like you, Full Life has continued to serve those most at risk for serious complications related to this terrible disease, our older population and others with serious illnesses or disabilities.

Leveraging creative delivery methods and strong partnership with state health care officials, we have successfully provided services to 2,300 clients and families, which represents 93 percent of our regular client base during these difficult times.

Now, more than ever, care and companionship in the community is urgently needed to stop COVID-19, reduce social isolation, prevent costly ER visits and hospitalizations, and fight against homelessness. Full Life Care makes it possible for clients to stay in their own homes and for them, and their caregivers, to thrive!

To support Full Life Care:

- **Follow** us on Facebook ([www.facebook.com/FullLifeCare/](http://www.facebook.com/FullLifeCare/)) and Twitter ([twitter.com/fulllifecare](https://twitter.com/fulllifecare)).
- **Share** postings with friends, colleagues, family: ([fulllifecare.org/blog-and-news/blog/](http://fulllifecare.org/blog-and-news/blog/)).
- **Give** during our October push ([fulllifecare.org/ways-to-give/online/](http://fulllifecare.org/ways-to-give/online/)).
